## YACHT DORRYN TO LEAVE FOR MIAMI NEXT WEEK

The yacht, Dorryn, which is now at the ferry dock at the foot of Volusia avenue, will probably leave some time next week on a cruise to Miami, the owner, G. W. Hillis, of Bridgeport, Ct., only awaiting the arrival of his brother before continuing his journey southward. Mr. Hillis, who was at one time owner of the Bridgeport Post, is well known to many residents of the Nutmeg state who are sojourning in Daytona.

V. M. Moore came up from Miami Wednesday of this week for a short visit with his father and brother, M. J. and James G. Moore.

## NEW SMYRNA MARSHAL FOUND STOLEN AUTO

FORD CAR WHICH DISAPPEARED FROM DAYTONA STREET, WEDNESDAY EVENING, WAS ABANDONED BY THE THIEF.

A little before eight o'clock Thursday evening Marshal Brooks of New Smyrna telephoned the local police department that he had found Prof. Sheppard's automobile, which was stolen from in front of the Palmetto club Wednesday night. Officer Milton, accompanied by a driver, left for New Smyrna soon after the message was received, returning with the stolen machine later in the evening.

Marshal Brooks discovered Mr. Sheppard's car, a Ford, standing in the road about a quarter of a mile west of the railroad depot, at New Smyrna. The thief had disappeared, having abandoned the car, either because he became frightened or on account of the exhaustion of the gas line supply. He did not forget to take with him the key to the ignition system, which was the only thing about the car that did not belong to its owner.

Investigation disclosed that the thief inquired at Port Orange about the road to New Smyrna, and it was a bit of extraordinary luck — for the fugitive — that he was not overtaken by the searching party which hurried south shortly after the car was missed.

As stated in Thursday's Daily News, E. C. Dunn's car, the other Ford stolen Wednesday night, was found early

## YACHT "WATEREE" FILLED AND SANK

CAPT. C. M. McDONALD AND McCOY BROTHERS ARE CALLED TO THE RELIEF OF THE DISABLED BOAT.

McCoy Brothers received a telegram Thursday afternoon requesting them to go to the relief of the yacht "Waterree," which had struck a sandbar just south of the Port Orange bridge last Tuesday, sprung a leak and sank. The telegram was from the underwriters and asked them to raise the yacht and do whatever was necessary to put the boat in good condition.

Capt. William McCoy left Thursday afternoon with the steamer U. S. A. and a force of men to take care of the disabled boat.

Capt. C. M. McDonald, as previously stated in the Daily News, had been called to the relief of the Waterree by the owner, Dr. C. T. Adams, and had raised the yacht, but was unable up to Wednesday morning to get the boat clear of the sandbar, and this work will be done by the U. S. A.

The Waterree left Daytona Tuesday to continue her cruise down the East coast and just south of the Port Orange bridge one of her engines went bad and she drifted upon a point on the east side of the river, within hailing distance of the bridge. A leak developed and the yacht filled with water.

Thursday morning, near the crossing of Ridgewood and Live Oak avenues.

## BANK IN JACKSONVILLE ROBBED OF HUGE SUM BY BOLD HIGHWAYMEN

JACKSONVILLE, JAN. 15, (3:00 p. m.).—THREE UNKNOWN MEN ENTERED THE AMERICAN TRUST COMPANY THIS AFTERNOON AT ABOUT 2:30 O'CLOCK AND AT THE POINT OF GUNS FORCED SEVERAL OFFICERS AND EMPLOYEES OF THE BANK TO SUBMIT TO BEING LOCKED UP. THE ROBBERS THEN TURNED THEIR ATTENTION TO THE BANK'S VALUABLES, SECURING SEVERAL THOUSAND DOLLARS IN PAPER CURRENCY, GOLD AND SILVER.

THE THREE MEN THEN COOLLY MADE THEIR EXIT FROM THE BANK AND EFFECTED THEIR ESCAPE, AND ARE STILL AT LARGE.

ALMOST THE ENTIRE CITY OF JACKSONVILLE IS EXCITED OVER THE BOLD ROBBERY. EVERY AVAILABLE RESOURCE OF THE CITY POLICE DEPARTMENT AND THE COUNTY SHERIFF'S OFFICE IS BEING BROUGHT TO BEAR TO EFFECT THE CAPTURE OF THE ROBBERS.

## NO AMERICAN VICTIMS OF EARTHQUAKE.

## FORD CAR IN THE DITCH; NO NUMEBR TO SHOW OWNER

A new Ford car went in the ditch about half way between Daytona and Deland early this morning. The names of the occupants could not be learned but it is said none of the party was injured. The car was partly submerged in water. A party from Deland left Daytona for the county seat about 3:00 o'clock this morning and it is presumed that they were in the ill-fated car. The car bore no number.

Mrs. W. C. Chowning, of New Smyrna, visited friends in this city Thursday evening of this week.

## DR. LINCOLN HULLEY DELIVERED ADDRESS TO PALMETTO CLUB

LECTURE BY PRESIDENT STETSON UNIVERSITY, DREW THE LARGEST ASSEMBLAGE OF SEASON—MANY VISITORS PRESENT

The magic of Dr. Lincoln Hulley's name and personality drew the largest assemblage of the season at the Palmetto club on Thursday afternoon. The clubhouse was taxed to its utmost capacity to accommodate the club members and friends who assembled to enjoy an afternoon of wit and poetry with Florida's most gifted entertainer.

Previous to the principal address of the day, Mrs. Stanley, the president, made the usual announcements. Violin music was furnished by A. E. Donnelly, who gave the "Romance," from Wiedawski's concerto setting. Miss Ella Williams's accompaniments were sympathetic and pleasing.

An unexpected pleasure was a short but very inspiring address by Mrs. Ennis of Evanston, Ill., who spoke on the child labor movement, explaining

## DAYTONA BEACH WINS IN ONE SIDED BOWLING CONTEST

The local bowling club defeated the Arcade boys at Keating's casino on Wednesday evening in a one-sided contest. Daytona Beach was represented by Holmes, Pix, Lewis, Williams and Avery. The Arcade team included Kreitzberg, Kelle, Ross, Booger and Norris. Three games were rolled, and this was the first of a series of nine games to be rolled before the winners of the match are determined. The local boys won over their opponents by a score of something like 299 pins.

The second match of the series will be rolled at the Arcade, the date to be announced later.

## IS FEARSOME TALE

Frenchwoman Describes Her Experiences at Soissons.

Live in Daily Dread of Shrapnel as Bombardment Continues for Months—Houses All About Are Destroyed.

Edinburgh, Scotland.—A letter has just been received here from a Frenchwoman whose home is in Soissons, long one of the hotly contested points on the French battlefield. She describes to her Scotch friend the misery of the inhabitants of the city. The Germans, it seems, were driven out, but not beyond the range of their big guns. The Frenchwoman did not desert her home. She says:

"We have to remain in our house, for we really could not bring ourselves to leave it and all our possessions, although most of the inhabitants have left the town.

"For three months the bombardment of the town has continued, sometimes for days and nights without ceasing, and then we hide in the cellar—you may guess how happy we are. We simply live in dread of the shrapnel, which is going to fall on our house and set it on fire and bury us in the ruins.

"You have no idea what terrible engines of war the Germans have. Seeing everything around us burn and fall to pieces, we live in a sort of nightmare. Everything in our quarter is demolished. Fortunately our house has so far escaped, though all the tiles are smashed and the windows broken by the force of the detonations. You may imagine how uncomfortable we are in this cold weather, and the terrible thing is that no one can say how long it will last.

"On their way back from the Marne the Germans took possession of all the quarries along the hills to the north, which they had carefully prepared on their way south with concrete and iron, making of them veritable forts. They are terribly clever, and now they are shelling Soissons from the quarries of Pasley, Clamency and Crouy, from which they can dominate all the main roads from the town. There is absolutely no chance of taking them by surprise, because from there they see everything that happens. They have got the light railway to Coucy, which enables them to retreat from the rear. From Coucy and Chauny they have the main lines right to Germany, so that they can bring up re-enforcements as they require them.

"They have driven away all inhabitants, and they take everything movable they come across.

"Quite a lot of English soldiers have

been here—fine men and splendid horses (we have not a horse left in the district)—but now they have left this quarter and are in the north. They did well, too, and I am sorry for them where they are, for with the severe weather they are going to be very uncomfortable.

"We also had some of our own men from the south, and they were shivering with the cold, for now it is freezing hard. I forgot to tell you that Crouy, Cuffles, Vailly and all these villages you know so well are all razed to the ground—churches, houses, everything—nothing remains.

"As I write the bombardment commences afresh, and I must run. The room is shaking and the table dances. Who knows? It is perhaps our turn now, for, as I told you, we await the shrapnel that is to finish us off."

### EAST COAST BANK HOLDS MEETING OF STOCKHOLDERS

The annual meeting of the stockholders of the East Coast State bank was held at the banking house in Daytona Beach Thursday evening.

Officers for the ensuing year were elected as follows:

President—F. N. Conrad; vice-president—Michael Sholtz and F. J. Niver; cashier—C. A. Randall; assistant cashier—W. J. Braddock. The three first named, together with E. H. Webster and Bert Fish, were elected directors.

A dividend of eight per cent. was recently declared on the capital stock, and the bank is in a very flourishing condition for the young institution that it is.

An able address on the Three P's—Purposes, Pluck and Perseverance, delivered at the school auditorium Monday morning, was greatly enjoyed by the school.

## CARNIVAL NIGHT AT NAUTILUS CASINO

WAS LARGELY ATTENDED AND FURNISHED ENTERTAINMENT FOR OLD AND YOUNG—EVERYTHING FREE.

Last night was carnival night at the Nautilus casino, and hundreds of people availed themselves of the privilege to spend the evening at this popular resort, which was thrown wide open for the reception of the public with everything in the way of amusements absolutely free.

Cards and other printed matter had been distributed along the streets and on the street cars, inviting the public to participate in the affair, and by 9 o'clock a large crowd had gathered in the palm garden and bath pavilion where they were to be entertained. Swimming and dancing exhibitions were features of the evening, and the free use of the magnificent dance floor was largely enjoyed by the younger element, while the elder folks watched the happy throng from seats nearby.

Steam heat added much to the enjoyment of all present, and while the air was anything but warm outside, the interior of the casino was warm and decidedly cheerful. Music by the Nautilus Lady Orchestra served to keep everybody in a cheerful mood and dancing was continued until a late hour.

An exhibition of expert swimming by Swimming Master McCullen was a good show in itself, and his daily appearance is serving to draw many patrons to the bath pavilion every afternoon and evening.

### DOINGS OF THE TOWN COUNCIL OF SEABREEZE

Seabreeze town council met in special session Wednesday night for the purpose of acting on the matter of accepting or declining to accept the Watrous fire engine and to arrange for the building of an engine house. Present, Aldermen Simpson, Kenney and Buckner. On motion of Alderman Kenney, it was moved and so ordered that the fire engine be accepted. Simpson, Kenney and Wilson voting in the affirmative and Buckner in the negative. The condition of acceptance was that the Watrous Fire Engine company put on an Atwater-Kent system of ignition to replace coil and battery system. It was moved and carried that an engine house, 20x30, of galvanized iron be erected, cement flooring and the least possible wood used in the construction; incline floor and roof one-third pitch. The contract was awarded to Contractors Peacock and Vande Vorde, the latter to lay cement work, work to be done under supervision of marshal and street commissioner. Marshal's estimate of iron needed was handed in to Street Commissioner Wilson to obtain best prices on same.

## SEABREEZE AND DAYTONA BEACH

J. H. Dates is assisting in the Williams department store these busy days.

Mrs. W. P. Weston was under the treatment of Dr. J. P. Esch last week, and is able to be around again.

Mr. and Mrs. James Murdock arrived last Thursday from Cincinnati, and are settled for the winter at their home on Earl street. They came down from Jacksonville in their car.

\*WANTED—Men and women to buy furniture at wholesale cost. Only 1 more day. "Do it now." Halifax Furniture Co. 134-21

Mr. and Mrs. W. S. Holmes entertained Saturday evening at their home on North Halifax avenue at a pleasant social function the following guests: Mr. and Mrs. L. H. Ayres, Mr. and Mrs. A. Ayres, Mr. and Mrs. W. F. Ayres and Mrs. Thompson.

M. M. Bogart's cottage on North Atlantic avenue has been leased for two months by Mr. and Mrs. Samuel McCane and N. S. McCane and wife, of Dayton, O., and Pittsburg, Pa., who were located last season in the Horn cottage on Orange avenue, and have spent several seasons in the peninsula towns.

At a recent meeting of the Chambers of Commerce of Seabreeze and Daytona Beach the question of a fishing pier for the two towns was brought up and well discussed. Since then it has developed that a pier is likely to be built out from the town dock at the foot of Earl street to accommodate the disciples of Isaac Walton. Winter fishing is a great attraction for the tourists, and there has been considerable grumbling on account of the rulings of the bridge companies that no more fishing will be allowed on three out of the four bridges. However, the Armstrong company has not interdicted the Peninsula bridge, Seabreeze, but the distance to residents south of Seabreeze is an objection.

Mr. and Mrs. W. B. Hatch, children and household servants arrived from Ypsilanti, Mich., last week and are domiciled for the season in their winter home on North Halifax avenue. Mr. Hatch reported the roads between Jacksonville and Daytona in bad condition from the recent heavy rains. Between Jacksonville and St. Augustine, coming down in his Chalmers No. 6, Mr. Hatch met with an accident in crossing a bridge which resulted in a bent spring and caused him to return to Jacksonville for repairs. He remained over for the day and Mrs. Hatch and the children came down by train. At one place between St. Augustine and Daytona Mr. Hatch counted five automobiles stalled at one time; they were hauled out of the mud by a four mule team and driver, who was at work on the road.

### FIRE DEPARTMENT TO GIVE BENEFIT PERFORMANCE

Do not forget the firemen's minstrel show to be given at the Lyric theatre on Friday evening, January 22, the proceeds to create a fund for the volunteer fire department of Daytona Beach about to be organized. The entertainment will commence with motion pictures at 7:15 and the minstrel show to follow. General admission, 50 cents; children and gallery seats, 25 cents.

### DAYTONA BEACH WINS IN ONE SIDED BOWLING CONTEST

The local bowling club defeated the Arcade boys at Keating's casino on Wednesday evening in a one-sided contest. Daytona Beach was represented by Holmes, Fix, Lewis, Williams and Avery. The Arcade team included Kreitzberg, Kelle, Ross, Booser and Norris. Three games were rolled, and this was the first of a series of nine games to be rolled before the winners of the match are determined. The local boys won over their opponents by a score of something like 200 plus.

The second match of the series will be rolled at the Arcade, the date to be announced later.

## PUBLIC SERVICE CO. EXTENDS GAS MAINS

THOUSANDS OF DOLLARS BEING EXPENDED TO GIVE TWIN CITIES BENEFIT OF PUBLIC UTILITIES.

The gas mains which the Public Service company has been laying in the southern portion of the peninsula is now completed and residents will soon be permitted to enjoy a luxury that the poor as well as the rich can enjoy. Work on the extension of the gas mains through Ocean boulevard to the Clarendon hotel will be commenced the latter part of the present week, and will be pushed to completion as fast as a large force of men can accomplish the undertaking.

More than 5,000 feet of pipe were required to make the extension to the south end of Daytona Beach, and 4,000 feet will be used to carry out the plans of the Clarendon, or Seabreeze, extension. The company's manager, I. A. Blalock, with a gang of men is now stringing nearly 5,000 feet of extra wire for the purpose of supplying additional street lights in different parts of the peninsula, which is still another good move in the right direction.

These electric light and gas extensions are costing the Public Service company thousands of dollars to make and when completed in their entirety will place the peninsula twin cities on a footing with other progressive east coast resorts.

The Tofigny club met with the Misses Tomlinson at their home on Peninsula drive Wednesday evening. Only a small number were present but they enjoyed a pleasant evening visiting with one another while at their fancy work.

On motion of Mrs. Hatch, amended by Mrs. Bigelow, a resolution was passed to see that no trees on the church parkage or grounds be removed without the consent of the church officials.

The secretary reported \$445 taken in as silver offering.

At the conclusion of the business session, Rev. E. W. Serl spoke briefly of the good work effected for the

### SEABREEZE LIBRARY ASSOCIATION ELECTS OFFICERS

The Library association of Seabreeze met at the library room in the Williams' block Tuesday afternoon at 2:30 o'clock to elect officers and transact such other business as might come before the board. The following officers were elected for the year: President, S. S. Pierson; secretary and treasurer, Miss May Haigh; trustees, Mrs. A. T. Bigelow, Mrs. H. A. Bernard and R. T. Butler. A unanimous vote of thanks was extended to Mrs. George R. Newell and others for books donated to the library. The annual dues of the association are 50 cents. The library will be open on Tuesdays and Saturdays from 2:00 to 4:00 in the afternoon. Mrs. Pierson will be in charge on Saturdays. It was agreed that the annual membership cards be issued in payment of dues and that members only should have free access to the library, unless the librarian or some other member of the association should accompany them and see that the books taken out were returned, or duly entered on the record in proper form. This ruling was found necessary on account of the loss of valuable books from careless handling.

### BICYCLE RIDER PINCHED FOR VIOLATING ORDINANCE

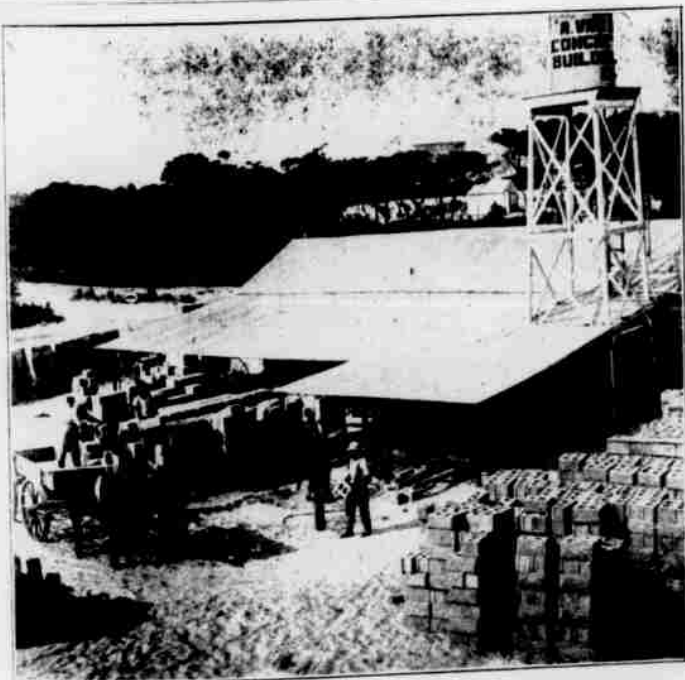

The young daughter of one of the boarding house keepers on North Atlantic avenue was pinched last week for bicycle riding on the sidewalk. The young lady's mother had been warned by the marshal and this was the second or third offense.

**The GOVERNMENT BIRD PRESERVE**

Written Especially for the Daily News  
By **DR. CHARLES FREDERIC GOSS**

Author "Redemption of David Corson"

One of the objects certain to attract the attention and awaken the interest of all winter visitors to Daytona, is the signs which indicate the resolute determination of the national government to protect all native birds. It takes some little time to make him believe the testimony of his eyes and gain assurance that all the enginery and power of the greatest government upon the earth are pledged to protect these creatures, which, in his own uneducated and feral boyhood he was accustomed to kill without consideration. He hears with unbounded astonishment, that no man in the world is rich enough to buy the privilege of shooting these ducks, or is cunning enough to escape discovery and punishment if he should do so, in defiance of the law.

It is with a thrill of pleasure and of pride that he comes at last to read those signs and finds himself unable to watch those beautiful creatures flying and swimming along the shores

they do not have to develop all their personal powers, in the remorseless struggle for existence.

It is but a short and easy step from these reflections to those about himself and other men. Would it be good for them to be protected in this manner? What would be the result of putting a favored class of "people" into a "preserve"? Suppose the government should shield them from all their natural enemies!

And suppose, moreover, that God should do the same! Would any man be worth preserving long, if he did not have to fight for his existence with whatever enemies threaten it? Isn't it their struggle with foes that make men worthy to survive? There is probably not a great, heroic soul in the whole wide world that would not fly out of a "preserve" the very first day you put him in it!

Principal Cause of Cholera.

The principal cause for an outbreak of cholera is the presence of cholera bacilli in the drinking water supply of a city. Its descent is sudden and widespread. Almost an entire population can be stricken at once. The stricken person, usually, is dead or on the road to recovery within 24 hours. Sometimes, however, a fever hangs on for several days, in some instances resulting in death. It is not believed that the disease can be communicated by contagion.

Relief for Perspiring Feet.

Many people are troubled with perspiring feet, and care should be taken of them. Wear shoes that can be ventilated, the thinnest hose, lowest of canvas shoes and keep the feet covered. Bathe them frequently with alum water, to which a little ammonia has been added. After drying the feet should be dusted over with talcum powder. Bathing in alum water will afford relief. Give them a bath of salt and water, two or three times a week, as this strengthens them wonderfully.

Leopard a Wise Animal.

The leopard maintains its existence alongside its far more powerful rivals the lion and tiger by reason of its greater activity and power of climbing. Often it is driven from its well earned prey by the brute force of these greater cats, but it has the wise habit of storing the remains of its meals in a tree, the weight of meat thus placed aloft in one effort being sometimes almost incredible.

## Daytona to Have Grand Opera

*Public Spirited Citizens Secure Boston English Opera Company. This Famous Organization of 60 Artists to Appear at the New Daytona Theatre, Monday Even'g, January 25 in Verdi's Beautiful Opera, "IL TROVATORE."*

When THE BOSTON ENGLISH OPERA COMPANY announced the Southern tour, we wrote to the management asking if it would be possible to secure a date for this organization and were told we could have January 25th, providing we would guarantee the company a thousand dollar house. We were given just five days to decide. This five days gave me my rest and without any feeling of tragedy I contacted a number of our public-spirited citizens and asked them if there is any joy in securing the opera—that is, each of the five agreed to make good on their offer, should there be any, and contracts were signed.

Now, it's up to the people of Daytona. We have pledged ourselves in order to secure for Daytona the finest musical organization on tour. Are we going to live a lie, or are you going to show your appreciation of our efforts to secure such a high-class attraction and put this city on the map as supporting the best?

The prices will be reasonable, as there must be no excuse on that account, and if this attraction secures the support it deserves, it means getting others of the calibre to make your surroundings new. Join with your five fellow citizens in showing pride in our city by packing the Daytona Theatre to the doors and make the visit of the BOSTON ENGLISH OPERA COMPANY one long to be remembered.

Everyone will be given an equal chance, as no orders will be accepted until well after 10:00; no mail or telephone orders will be accepted at all, and only ten seats will be sold to any one person.

W. B. BRAD, Manager Daytona Theatre.

Sales on sale at 10:00 P. M., Wednesday, January 25th.

## PARIS PRODUCTION OFFERING TONIGHT

"ALMA, WHERE DO YOU LIVE?"  
TO BE PRESENTED BY EXCEL-  
LENT COMPANY AT NEW DAY-  
TONA THEATER.

A rare musical treat, backed by one of the cleverest farce comedies ever produced in New York, is in store for local amusement lovers when "Alma, Where Do You Live?" is presented at the New Daytona tonight. This farce, with music, from the German-French capitals, has the unique distinction of registering a most pronounced hit in New York city before being heard in London. It was originally produced in Paris. The book is by Paul Herve and the music by Jean Briquet. It scored so heavily that Adolph Philip secured the German rights and he prepared it for a run in Berlin. This accomplished, Mr. Philip then brought the piece to America and produced it in German at the theater of the Germans on the East Side in New York city. After awhile George V. Hobart, the clever humorist, was commissioned to write an American version, and did so to the complete satisfaction of theater-goers in New York city for an entire theatrical season.

Tomorrow, matinee and night, the usual vaudeville program will be presented, with an added attraction of unusual merit, that will be announced tonight. The addition to the program will be in the form of a distinct treat, but there will be no advance in prices. Last evening Wellington B. Shaw entertained with several delightful songs, singing the "Tulip" song, the "Rose in the Bud," and finishing with the well-known and popular, "It's a Long, Long Way to Tipperary." He received a warm reception upon his first appearance, and an earnest encore after each selection.

## FLAT CAR ARRIVES FOR THE CENTRAL OF FLORIDA RAILWAY

The flat car and equipment in the shape of batteries arrived Thursday via the F. E. C. railway and were unloaded in the afternoon and transferred to the power house on First street. The unloading was done by a force of Oscar Michael's men and the car placed on the track in front of the freight depot and hauled by horse power to the car barn. This flat car will be used as a trailer for the carrying of baggage and other purposes.

### COLORED HOSPITAL BENEFIT AT THE CRESCENT TONIGHT

As previously stated in the Daily  
News, Manager Henry T. Titus has  
generously turned over the Crescent  
theatre for this evening to the board  
of directors of the Daytona Industrial  
school for a benefit performance for  
the Midway colored hospital, which is  
doing good work and is supported  
solely by donations. All who take an  
interest in work of this character  
should attend the Crescent theatre  
evening.

#### The Long Engagement.

Long engagements are an injustice  
to the girl, and the man, too. It cuts  
her off from her man friends entirely,  
and unless "the" man happens to have  
extraordinary powers of entertain-  
ment, unhappiness is almost certain to  
follow. Not that a girl should be  
amused all the time, or the man either,  
but memories will recur, and after  
a long time spent in useless waiting  
with no prospects of change, thoughts  
of the others are bound to creep in.  
A man is bound, hand and foot, by a  
long engagement. He cannot force  
success or make an opportunity out  
of the empty air, yet the thought of  
the girl drives him on—sometimes to  
desperate measures. Of the two, it  
would be better to keep the engage-  
ment a secret, and not to see each other  
too frequently.—Exchange.

#### Varieties of Sausage.

A German sausage exhibition was  
held in Berlin a few years ago, and  
1,785 varieties were exhibited. The  
center of the production is in West-  
phalia, where 400 varieties are pro-  
duced. It was there that a young,  
highly-trained chemist shut himself  
in his laboratory and sought fame and  
fortune, and he achieved both. He  
took unto himself pork, veal, olives,  
pepper, fennel, old wine, cheese, ap-  
ples, cinnamon and herrings' roes,  
compounded them with the skill of  
an artist and the scientific accuracy  
of a chemist, and evolved a wonder-  
ful and original sausage, the best  
"wurst" of his kind.

#### Paid the Mourners.

The little town of Isle-sur-Sogné,  
France, saw a very popular funeral  
recently when the remains of an old  
maid, scarcely known except to her  
immediate neighbors, were escorted  
to the cemetery by nearly one thou-  
sand mourners. The story had gone  
abroad that the old lady left instruc-  
tions in her will to distribute a small  
sum to each person who should see  
her buried, at the gates of the ceme-  
tery after the ceremony. For this  
purpose she collected 100 five-penny  
pieces, and also set apart \$20 for the  
funeral music accompanying her  
bearers. These stipulations were scrup-  
ulously carried out, and after being  
played into the cemetery with all the  
famous dead marches, the mourners  
indulged in such a contest for the  
small coins at the gate that a strong  
force of police, gathered in anticipa-  
tion, had to interfere to restore order.

#### Self-Belief the Key to Success.

Do you still believe in yourself? If  
so, you cannot become a failure. You  
can, at worst, only have failed to learn  
as yet the science of success, of which  
self-respect is the key. In the great  
gamble of life we can afford to lose  
everything but our self-respect. Money  
lost is little lost; friends lost, much  
lost; but self-respect lost, and all is  
lost. Self-belief is the husband of self-  
respect, just as self-respect is the  
mother of self-reliance. Believe in  
yourself and you will win through. For  
self-belief is the mainspring of human  
activity and the principal source of  
human improvement. It inspires you  
to do things. It teaches you to try  
again. The man who retains his be-  
lief in himself will never give up try-  
ing. And success is the reward of per-  
sistent effort. Self-reliance will pull  
us through many a struggle, from  
which the coward flees in vain, and in  
which the weak succumb. The ability  
to "get up again" is the reward of the  
self-reliant.

rived for the streets and the same are  
being paved as rapidly as possible.  
Atlantic avenue is the first street to  
be paved and the coquina columns are  
being built at the entrances of all  
the streets with electric lights on top.  
Five-foot concrete sidewalks are  
being built, parkways of palm trees,  
eucalyptus and ornamental shrubs  
will be made in the center of each  
street.

Several recent purchasers are clear-  
ing their lots and getting ready to  
build. More than 50 men and two  
dozen teams are now at work upon  
upon this new subdivision.

The property will not be formally  
opened until the improvements are  
more complete but many people are  
now reserving lots and of course those  
who select their lots now before the  
opening sale will get in on the  
"ground floor," as far as location and  
prices are concerned.

telephones have already been installed  
on the property and fire plugs in each  
block.

The lots are restricted so as to al-  
ways insure a high class home sec-  
tion. All dwellings will be built back  
30 feet from the front line of the lot,  
thus insuring a uniform, parklike ap-  
pearance. Different sections of the  
property are restricted as to the cost  
of the dwellings to be erected, run-  
ning from \$2,000 for the lots on Bostwick  
avenue to \$5,000 for the choice lots on  
Silver Beach avenue, and facing the  
palatial winter home of E. L. King,  
which is now being built upon the  
river front of Bostwick Park, and  
when completed will be the most  
costly home in Daytona.

A modern coquina home has been  
completed on the ocean front and  
eight or ten recent purchasers are  
contemplating building at once.

Building prizes amounting in all to  
\$2,500 in gold will be given away by  
the owners in order to stimulate build-  
ing at once and this will be divided  
into 15 prizes. There is no question  
but what there will be more modern  
homes built in Bostwick Park during  
the next six months than any subdivi-  
sion in the entire south.

Bostwick Park is located just over  
the South bridge from the center of  
the business section of Daytona and  
is on Silver Beach avenue and Penin-  
sula Drive, and extends to the At-  
lantic ocean. Those building their  
homes over there have the pleasures  
of the salt water on one side and the  
finest ocean beach in the world, and  
the deep water of the Halifax river  
on the other, while it is within easy  
walking distance of the center of the  
business section of Daytona.

Park now while the improvements are  
being made. Call at our office for  
plats and circulars. Salesman on the  
grounds every afternoon. Kagay-

**Belgium Helpless Anyway Till Spring, Says Commission**

Need of Relief Still Very Urgent, According to Latest Reports From Stricken Land--How Americans Can Send Their Mite

= By WILL IRWIN =

**BELGIAN REFUGEES IN THE RUINS OF TERMONDE**

ACCORDING to the Commission For Relief In Belgium, the American people will probably have to feed the Belgian people all this winter. "We have taken pains to investigate," said one of the commissioners last week, "and the best informed Europeans tell us that there will be no change in the military situation this winter. It means that we must keep up the work until spring breaks or longer."

It has been a race with hunger, this business of feeding 6,500,000 people with supplies gathered a half a world away. All Belgium depends on American food. Half of Belgium is never more than a week ahead of starvation. Often it has come closer than that. Once the province of Limbourg, remote and hilly, was starving. In some communities the people had not eaten for two days, when one of our United States consuls managed to borrow from the Germans enough bread to keep the people alive until an American shipment arrived to repay the loan. Once Captain Lacey, the shipping agent in Holland, had to borrow 10,000 tons of wheat from the Dutch government. Liege and Hamme and historic Ghent were crying for bread, and it was still several days before the next American ship was due at Rotterdam. This was a noble thing for Holland to do since the Dutch themselves are short on food. Yes; it is a race with hunger, and America, now that she has faced the starter, must win! This is America's great and glorious part in the world war of 1914-15.

That every American may have a personal chance to help some Belgian the Commission For Relief In Belgium has arranged its "parcel post plan." Any one who wants to send a package containing between twenty and fifty pounds of nonperishable food need only put a tag on the package, address the tag to the nearest collection depot of the commission, stamp it in the regular way and drop it in the mail chute. If the giver puts on the package tag his name and address, TOGETHER WITH THE LETTER "R," the money he has spent for stamps will be refunded.

Packages mailed from FLORIDA should be addressed to WIESENFELD WAREHOUSE COMPANY, JACKSONVILLE, who are collecting agents for this district.

## ARCADE SECURED FOR O. E. S. CONVENTION

MEETING OF THE GRAND CHAPTER, ORDER OF THE EASTERN STAR OF FLORIDA, IN THIS CITY, APRIL 15TH AND 16TH.

The Arcade amusement hall will be used as a meeting place for the Grand Chapter, Order of the Eastern Star of Florida, which will convene in this city, April 15th and 16th.

The committee of the local chapter, after considering all the buildings of Daytona and vicinity which might possibly be used for the purpose, will accept the liberal proposition made by President Ernest Kreitzberg of the Arcade company.

The Arcade amusement hall is probably the largest public hall in the state, and by making some necessary alterations in the interior arrangement to fit it for the chapter work it can be made to answer the required purpose.

There are over 80 subordinate chapters in the state, with a membership of more than 3,000, and as delegates are expected from all the chapters it

is probable that the attendance at the convention here will amount to several hundred.

### Japanese Cages for Singing Bugs.

In the land of the wistaria, the gelsia, girl and the inlaid ivory knick-knack, artistic appreciation is all for the subtle, the dainty and the miniature, and so it is that the singing insect has come to be an honored institution there. These Carusos and Gadsdons of bugdom are eagerly sought after by the Japanese and everything is done for their comfort and musical education. They pass their tuneless lives away caroling mournful insect elegies upon their lost freedom, and staring disconsolately at their delicate Japanese mistresses through the bars of sumptuous little cages.

BRETTON WOODS REUNION  
AT NAUTILUS WEDNESDAY

A Bretton Woods reunion was enjoyed at the Nautilus casino on Wednesday night when the clerks and employees of the Clarendon and Ormond hotels, who spend their summers up in the woods, got together and celebrated their return to Florida. It was a jolly party and the evening was very pleasantly spent in dancing and drinking red lemonade, to say nothing of the peanuts and pop corn consumed before the party broke up.

## Rewards of the Commonplace.

"If you want to go anywhere you have to start from where you are," said Burke. First steps are as important as last steps. Starting from where one is involves a right understanding of the commonplace. A great motive invests every deed with significance. Murillo painted Angels' Kitchen. The convent porter, faithful to his humble duties, finds the kitchen filled with angels, each doing a simple service. The monk's vision was his reward for ordinary work well done. Commonplace tasks become great achievements when performed with all our might. The soldier dying in the trench—is he not equal to the king on the throne? To do common things in a perfect manner is a truer sign of religion than to do great things in an imperfect manner. The despised ordinary relationships of life may be the rounds in the ladder that reaches to the skies.

## LIST OF CLARENDON ARRIVALS DAILY INCREASING

Among the latest arrivals at the big hotel by the sea are Mrs. Charles Ballard and son, Charles T. Ballard, Jr., of Louisville, Ky. M. Brunner, with a party of friends, registered for luncheon Thursday.

CLARENDON RECEPTION  
IS LARGELY ATTENDED

HUNDREDS OF VISITORS SWARMED THE SPACIOUS LOBBY ON THURSDAY BETWEEN HOURS OF 2:00 AND 4:00 P. M.

The public reception given by the management of Hotel Clarendon, on Thursday afternoon, between the hours of 2:00 and 4:00 p. m., was attended by several hundred residents of Daytona Beach and Seabreeze, many of whom had lived within a stone's throw of the mammoth structure since its erection, but had never once set foot inside the building.

The guests began to arrive in automobiles and afoot shortly before 2:00 o'clock and by 2:30 the large lobby of the hotel was filled to its capacity, some standing in groups and others seated, but all apparently enjoying the kind hospitality that had been extended to them by the management of the hotel. There were old and young and middle aged present; the former, though, seeming to be in the majority, yet in every case where opinions were forthcoming, the general expression prevailed that Clarendon Day would be an event long to be remembered.

The orchestra, under the leadership of Prof. Tucker, occupied a place in the south end of the lobby, and the program as rendered was especially prepared for the occasion. That it was well received could be easily determined by the tickled expressions on the faces of the listeners. At 3:30 tea was served at tables especially arranged on the ocean side of the lobby,

where the visitors might view the Atlantic ocean as they sat and quietly sipped their tea.

Among those present who seemed to take the greatest delight in the manner in which they were received by assistant manager of the hotel, Charles J. Root, were the city officials of both municipalities. Mayor U. S. Shelly, of Daytona Beach, to a representative of the Daily News, said: "This public reception by the management of Hotel Clarendon has been a fine thing for the people of the peninsula. It has served to acquaint them with conditions in the big hotel, that to many, were never known to exist. It has brought us closer together with an enterprise for which we feel we cannot do enough."

## Snake Farms in Tropics.

Two snake-infested countries, India and Brazil, maintain "snake farms" at which a scientific study of serpents is being pursued. The venom from the poisonous ones is extracted and made into a serum for curing persons who have been bitten. The Brazilian institution, near Sao Paulo, is maintained at an expense of \$10,000 a year. Besides preparing serums the "snake farm" tries to spread knowledge about snakes and induce farmers not to kill them indiscriminately.—The Outlook.

## Danger in Overripe Clover.

Although crimson clover is an excellent forage plant and is eagerly eaten by many animals, it is nearly always fatal to horses and mules when eaten in the full ripe stage. The reason for this is that as the clover reaches maturity, the little hairs with which it is covered become hard and indigestible. On being eaten they form into hard balls somewhere in the digestive tract and cause a stoppage which resists every known treatment.

PROMINENT RAILROAD MAN  
GUEST AT CLARENDON

Mr. and Mrs. Francis Jamkin, of Chicago, are recent arrivals at the Clarendon hotel. Mr. Jamkin is a prominent railroad man of the western city, and he, in company with his wife are sojourning at Seabreeze.

## Golden Invitations.

A successful Moscow merchant named Spiridonow, who had made a vast fortune, thought of a novel way of inviting the guests to his golden wedding. The invitations were engraved on golden cards. When the recipients opened the envelopes, they were naturally pleased with the beautiful invitation, but supposed that they were only slides. A closer examination, however, showed that the millionaire had actually sent out cards of real gold. Mons. Spiridonow sent in all 299 invitations. The cards were made by a Moscow jeweler by a special process, and the material was taken from a mine owned by the millionaire. Each card was worth about \$25.

## Linear Measure.

The Frenchman and the American had gone a considerable distance in animated discussion concerning the merits of their respective countries. Neither would make any concessions. "Of course," finally said the Frenchman in desperation, "you will concede that there is only one Eiffel tower and that we have it?" "Certainly," agreed the American, "and I am mighty glad, for it has given us a means for measuring our skyscrapers. We now say in New York that a building is two Eiffels, or three or four, as the case may be."

Fishing has been extra good for the past week, and Dr. Holland has made a number of fine catches.

## HOW MANY TIMES HAVE YOU SAID

"IF I HAD ONLY BOUGHT LOTS OVER ON THE BEACH WHEN I FIRST CAME HERE I MIGHT HAVE BEEN RICH TODAY. I COULD HAVE BOUGHT ACRES FOR THE PRICE AT WHICH SINGLE LOTS ARE SELLING TODAY. ACREAGE CANNOT BE BOUGHT AT ANY PRICE. WHAT A FOOL I WAS." LET US POINT OUT A WAY FOR YOU TO GET IN AND MAKE UP.

DID YOU IMAGINE SUCH A THING AS A STREET CAR LINE TO THE BEACH FIVE YEARS AGO? PERHAPS YOU DID IMAGINE IT—IT IS A REALITY NOW. WOULD YOU HAVE BEGGED, BORROWED, OR ARRANGED IN SOME WAY TO GET HOLD OF ENOUGH MONEY TO BUY SOME BEACH PROPERTY, COULD YOU HAVE BEEN ASSURED THAT A CAR LINE WAS GOING TO BE BUILT TO YOUR PROPERTY? IF ANYONE COULD HAVE TOLD YOU POSITIVELY THAT THE CLARENDON HOTEL WAS GOING TO BE BUILT WHERE IT IS, WOULD YOU NOT HAVE DONE LIKEWISE, BOUGHT ALL THE PROPERTY POSSIBLE, ACCORDING TO YOUR MEANS? COULD ANYONE HAVE ASSURED YOU THAT THE NAUTILUS PROPERTY WAS TO BE IMPROVED AS IT IS TODAY—THAT A BASEBALL PARK WAS TO BE BUILT WHERE IT IS, WOULD YOU NOT HAVE BOUGHT ALL THE PROPERTY YOU COULD HAVE GOT HOLD OF?

THE STREET CAR LINE IS NOW BEING EXTENDED THROUGH OCEAN VIEW HEIGHTS, WHICH WILL PUT IT WITHIN TWELVE MINUTES' RIDE OF DOWNTOWN. COMPARE THE PRICES OF SEABREEZE LOTS WITH THE PRICES WE ARE ASKING FOR OCEAN VIEW HEIGHTS LOTS. WE ARE OFFERING THE OCEAN FRONT LOTS, WHICH ARE FIFTY BY THREE HUNDRED AND TWENTY-FOUR, AT SIX HUNDRED AND NINETY-FIVE DOLLARS EACH, WHILE THE INSIDE LOTS, FIFTY BY ONE HUN-

DRED AND FORTY, ARE OFFERED AT ONE HUNDRED AND SEVENTY DOLLARS EACH. A TWENTY-FIVE PER CENT PAYMENT IS ALL THAT IS REQUIRED DOWN, WITH EASY TERMS.

WERE WE TO PREDICT THAT WITHIN A FEW YEARS THE ENTIRE BEACH WILL HAVE A BOARD-WALK WITH AN OCEAN PIER, LARGE HOTELS, WHICH WILL COMPARE FAVORABLY WITH THOSE OF ATLANTIC CITY, THAT STREET CAR LINES WILL CONNECT WITH DELAND, NEW SMYRNA, SANFORD, ORLANDO AND OTHER INTERIOR POINTS, YOU WOULD CALL US DREAMERS, BUT WE ARE PREDICTING JUST THAT VERY THING. NOW THINK OF WHAT THIS WILL MEAN TO THE PROPERTY ON THE BEACH. NOW IS THE TIME, MR. READER, TO GET IN ON THE GROUND FLOOR WHILE THESE PRICES ARE REDICULOUSLY LOW, FOR WHEN ALL THESE THINGS SHALL HAVE TAKEN PLACE THE PRICES NATURALLY WILL BE WAY UP, AND YOU SHOULD BE THE ONE TO REAP THE BENEFIT, FOR ONCE IN YOUR LIFE PUT YOURSELF IN THE POSITION WHERE THE OTHER FELLOW WILL HAVE TO SAY, "YOU HAVE MADE A LOT OF MONEY ON LOTS WHICH YOU WERE FARSIGHTED ENOUGH TO PURCHASE WHEN THE PRICES WERE LOW."

IT'S NOT LUCK—IT IS JUST GOOD BUSINESS SENSE—TAKING ADVANTAGE OF AN OPPORTUNITY—AN OPPORTUNITY THAT DOES NOT COME EVERY DAY, AND YOU SHOULD NOT DELAY. IT WILL BE A PLEASURE TO DEMONSTRATE THE PROPERTY TO YOU, IF YOU WILL GIVE US THE OPPORTUNITY, AND TELL YOU OF THE CONTEMPLATED IMPROVEMENTS AND ANY FURTHER PARTICULARS THAT YOU MAY DESIRE. NOW IS THE TIME TO INVESTIGATE. OPPORTUNITY IS KNOCKING AT YOUR DOOR. DON'T PASS IT UP.

with the earnestness and conviction of one who knows. Mrs. Eavis having been actively engaged for some years in the noble work of giving every child his chance for happiness, health and education. Her hearers were instructed and inspired with a desire to help in this worthy cause.

Mr. Donnelly then played the "Elegie," by Ole Bull, and in response to the applause elicited by its delightful rendition, gave the "Shepherd's Song."

Mrs. Stanley then introduced Dr. Lincoln Hulley, president of Stetson university, who was greeted with a spontaneous outburst of applause which testified to his great popularity with Daytona audience. His subject, "James Whitcomb Riley and the Home Folks," is one peculiarly suited to Dr. Hulley's pleasing style. His love and appreciation of the great Hoosier poet was shown by the great number of poems quoted entirely from memory, and given in a manner which brought out the homely wit, tender pathos and understanding sympathy of the author. The speaker characterized Riley as the "Robert Burns of America," whose poetry is of and for the common people in their common-place surroundings, not idealized beyond recognition, but loved and understood with a great loving sympathy. The poet's birth and early life in the simple environment of a pioneer home in Indiana in the early fifties, were sketched

briefly and their influence traced in his later work, the "Literary," being the poem chosen as illustrative. Clever Irish anecdotes related in the inimitable Hulley manner were interspersed among the poems with telling effect. As examples of Riley's skill in depicting character, "Nothin' at all ter say," "The Old Man and Jim," and "An Old Sweetheart of Mine," were given, bringing tears as well as smiles. In recognition of his literary talent, Yale university conferred upon him the master of arts degree and one of the first men of letters to recognize his genius was Henry Wadsworth Longfellow.

In speaking of Riley's nature-love, his love for weather, whether foul or fair, was especially mentioned, and the exquisite little poem entitled "Rain," quoted, the concluding lines of which make up a satisfying philosophy, if once accepted:

"When God sorts out the weather and sends rain—why, rain's my choice!"  
"When the green gills back in the

trees," and "Knee Deep in June," are also examples of weather poems.

Best of all are the child poems, and the ones chosen showed the breadth and depth of the poet's love for children and complete understanding of their joys and sorrows. "Letting the Old Cat Lie," "Little Orphan Annie," "Happy Little Cripple," and "Billie Gooden" were given as examples of his sympathetic knowledge of childhood's ways.

At the conclusion of his address, Dr. Hulley was enthusiastically applauded, and the large audience will not soon forget this delightful afternoon. The hostesses for the day were Mrs. T. E. Fitzgerald and Mrs. M. P. Cornwall.

A short business meeting followed the afternoon's program.
